# Exchange Snapin modul.

For at bruge Exchange Snapin modul skal det installeres. Dette gøres ved og installerer Exchange server manager Consol:
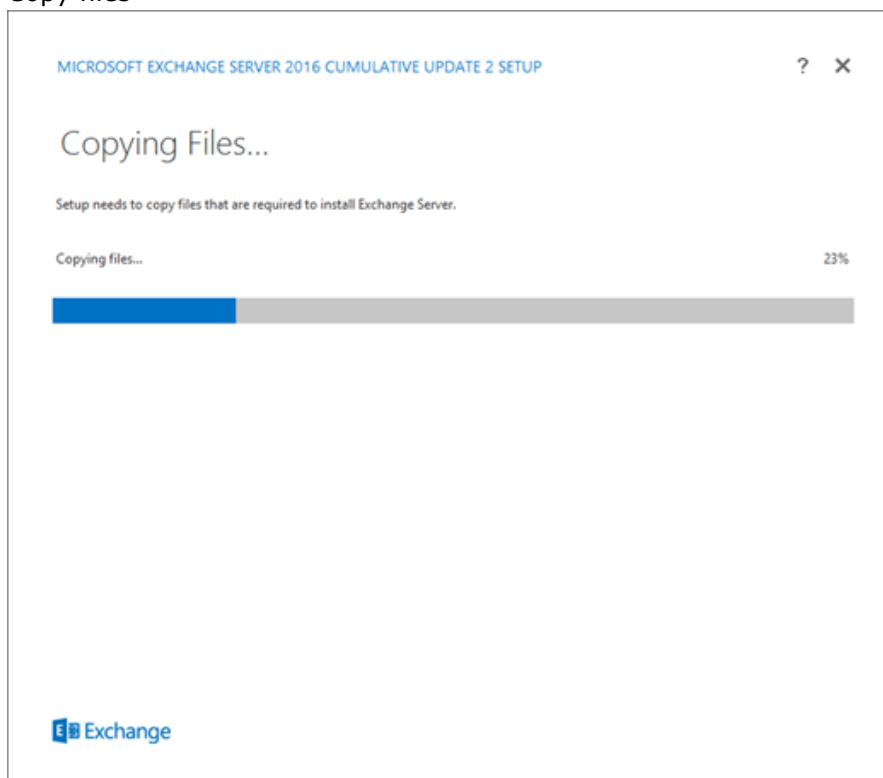

Brug jeres exchange server installations iso fil.

Installerer kun exchange management consol, ellers koster det en exchange licens. men tjek med jeres eget licens team i forhold til de aftaler i har.
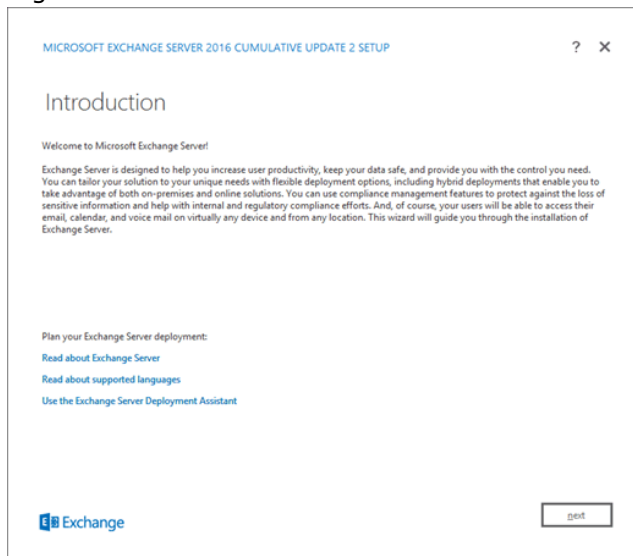

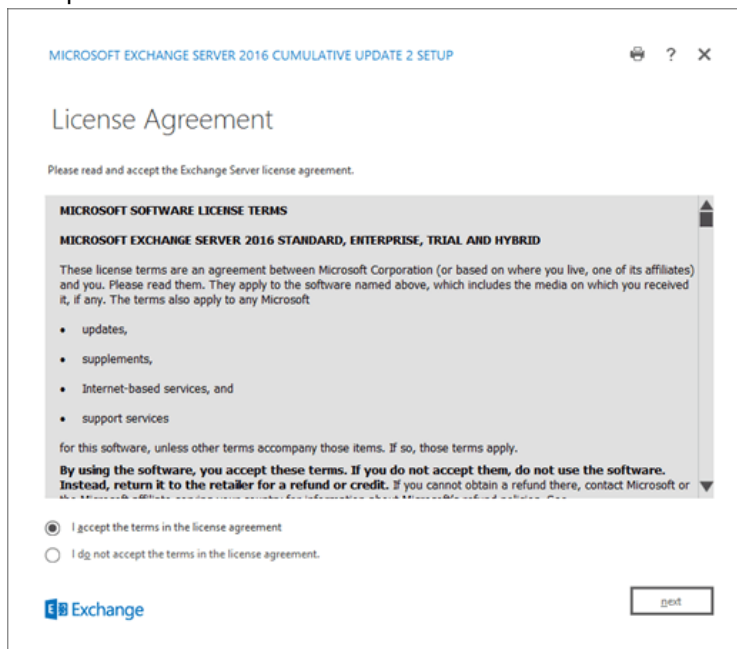

- Don't check for updates right now
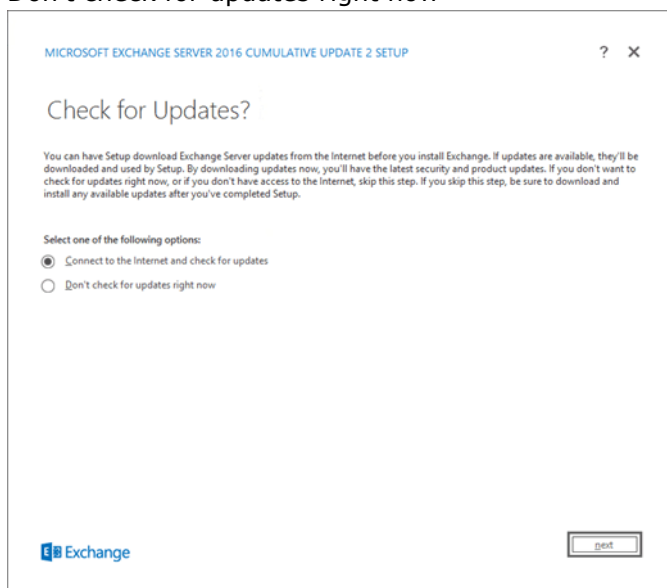

- Copy files

- Sig Next til intro files

- Accepter licens

- Use recommended settings

- Select Management tools og vælg Automatically install Windows…

- Installation Space and Location
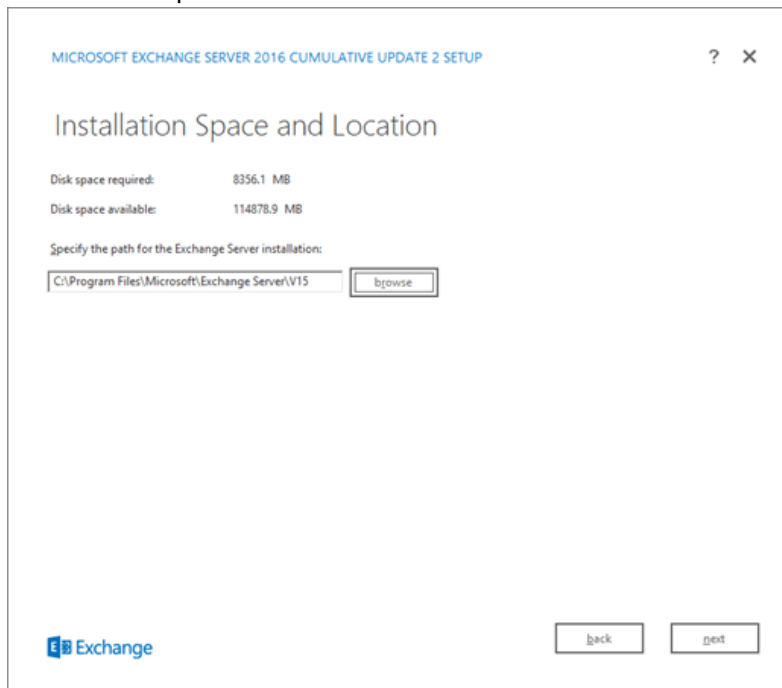

- Readiness Checks

- Installer de componenter som exchange beder om, og tryk retry.

- Installer

MICROSOFT EXCHANGE SERVER 2016 CUMULATIVE UPDATE 2 SETUP   ?   ✕

Readiness Checks

The computer will be checked to verify that setup can continue.

Prerequisite Analysis   100%

Warning:
Setup will prepare the organization for Exchange Server 2016 by using 'Setup /PrepareAD'. No Exchange Server 2013 roles have been detected in this topology. After this operation, you will not be able to install any Exchange Server 2013 roles.
For more information, visit: http://technet.microsoft.com/library(EXCHG.150)/ms.exch.setupreadiness.NoE15ServerWarning.aspx

Warning:
Setup will prepare the organization for Exchange Server 2016 by using 'Setup /PrepareAD'. No Exchange Server 2010 roles have been detected in this topology. After this operation, you will not be able to install any Exchange Server 2010 roles.
For more information, visit: http://technet.microsoft.com/library(EXCHG.150)/ms.exch.setupreadiness.NoE14ServerWarning.aspx

E🗗 Exchange   install

- Setup Completed

Nu er Exchange snapin også installeret. Det er vigtigt at du sikre dig at din service konto har rettigheder til og læse ind i Exchange installationen og specielt denne fil:

Hvis en bruger har fejl i forbindelse med oprettelse af postkassen, kan det være nødvendig og resette exchange attributter på AD brugeren. Her er et link med en løsning:
